Lampholders for compact fluorescent lamps

26.726.-012

Accessories for TC-L lamps

| colour | pkg. | wt. | part no. |
|--------|------|-----|----------------|
| white | 500 | 1 g | 26.726.-012.50 |

Supports for lamps TC-L

Snap in pins 8.5 x 10.5 mm

Support material: PC

- Supports ensure a constant gap between lamp and geartray
- For applications with a high light output (reflectors, glass covers, several lamps next to each other), we recommend metal supports, part no. 26.726.U810 / 26.726.U811 / 26.726.U826.
- The position of the lamp support relative to the lampholder acts as a lamp key system in accordance with IEC 60901
